| Pwynt<br>Gweithredu | Ymateb y Cyngor / Newidiadau a gynigir yn sgil Materion a Godwyd                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | Sylwadau'r Arolygwyr |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------|
|                     | <p>Wrth geisio diffinio a chreu cymunedau cynaliadwy, mae'r Cynllun yn nodi ac yn cydnabod cyfraniad gwasanaethau lleol. Mae'r rhain yn cynnwys cyfleusterau fel siopau, swyddfeydd post, tafarndai, gorsafoedd petrol, a fydd yn cyfrannu at hyfywedd aneddiadau a chymunedau yn y dyfodol, o ran darparu gwasanaeth ond hefyd drwy gynnig 'mannau cyfarfod' lle gall y gymuned ryngweithio, a lle gellir cynyddu'r ymdeimlad o gymuned. Mae'r Cynllun hefyd yn cydnabod pwysigrwydd cyfleusterau a gwasanaethau cymunedol os ceir dibyniaeth gref arnynt yn lleol. Mae gwasanaethau o'r fath yn hollbwysig i sicrhau llesiant economaidd cymunedau a hefyd yn hyrwyddo cynhwysiant cymdeithasol, yn enwedig ymhlith aelodau llai symudol y gymuned.</p> <p>Cydnabyddir mai'r aneddiadau sydd wedi'u dynodi'n Bentrefi Gwledig a Phentrefi Cynaliadwy yw'r rhai sydd yn fwyaf agored i golli'r cyfleusterau hynny. Bydd ffactorau fel y galw am dir preswyl a gwerth uchel tir preswyl mewn ardaloedd gwledig yn aml yn arwain at bwysau gan berchnogion eiddo i newid neu ailddatblygu'r cyfleusterau hynny i ddibenion preswyl, hyd yn oed lle bo busnes yn ffynnu. Gall yr incwm o siop neu weithgarwch arall fod yn llai na'r hyn y gellir ei ennill o fath arall o ddatblygiad. Mae'r polisi hwn yn ceisio cymedroli'r pwysau i newid drwy sicrhau na chaniateir colli siop neu gyfleuster os yw'n ddichonadwy a bod lefel y rhent yn briodol, onid oes cyfleusterau eraill rhesymol ar gael.</p> <p>Er bod y polisi yn ceisio gwarchod rhag colli cyfleusterau, ceir darpariaeth ar gyfer yr amgylchiadau hynny lle gellir dangos nad oes angen y cyfleusterau hynny mwyach, neu lle nad ydynt yn ddichonadwy.</p> <p>Wrth geisio sicrhau bod aneddiadau yn aros yn hyfyw, mabwysiadir dull dilyniannol wrth asesu argaeledd cyfleuster arall neu gyfleuster tebyg. Yr ystyriaeth gyntaf wrth asesu cynigion ddylai fod argaeledd cyfleuster arall o fewn pellter rhesymol i gael mynediad i gyfleuster o'r fath. At ddibenion y polisi hwn, mae pellter cerdded yn unol â'r hyn a nodir yn y Llawlyfr Strydoedd: Yr Adran Drafnidiaeth/Cymunedau a Llywodraeth Leol/Llywodraeth Cynulliad Cymru - 2007. Nodir yn y Llawlyfr mai'r hyn sydd fel arfer yn nodweddu cymdogaethau cerddadwy yw ystod o gyfleusterau o fewn 10 munud (hyd at tua 800m) o bellter cerdded o ardaloedd preswyl, y gall preswylwyr eu cyrraedd yn rhwydd ar droed.</p> <p>Gellir diffinio marchnata eiddo i ddibenion y polisi hwn fel hysbysebu mewn cyhoeddiad o fewn y diwydiant priodol neu, lle bo'n briodol, drwy werthwyr tai lleol am gyfnod rhesymol.</p> |                      |

| Pwynt Gweithredu | Ymateb y Cyngor / Newidiadau a gynigir yn sgil Materion a Godwyd                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Sylwadau'r Arolygwyr |
